

DN-300C | CD / Media Player

1U

The DN-300C is a 1U-sized player, capable of extremely high performance, with the added flexibility of a convenient front-panel port for playing material from a USB thumb drive. Simple to operate, the purity of its audio performance is truly remarkable at its modest price point, giving the sound professional a rugged, no-compromise playback solution that occupies a mere 1U of space. It has several features dedicated for professional use such as Front Panel Lock function, Power-On-Play function and Resume of settings even after power recycle. Ideal target applications are retail, hotel/conference and education.

- Plays CD and MP3 files
